

## **MATERIAL SAFETY DATA SHEET**

NIMLUB-75

This Material Safety Data Sheet relates to environmental, health and toxicology information. Please make sure this information is given to them. It also contains information to help you meet community right-to-know / emergency response reporting requirements under many laws. If you resell this product, this MSDS must be given to the buyer or the information incorporated in your MSDS.

---

### **SECTION 1 : PRODUCT AND COMPANY IDENTIFICATION**

---

**Product:** NIMLUB 75

**Product Description:** White Prill

**Chemical Name:** NIMLUB 75

**Chemical Family:** Polyethylene Homopolymer Wax

**Manufacturer:** Nimbasia Stabilizers  
F-172(A&B), F-173, Indrapasthan Industrial Area  
Kota -324005, Rajasthan  
India

**24 Hour Emergency Assistance**  
+91 8890965454

**WEBSITE**  
[www.nimbasia.com](http://www.nimbasia.com)

---

### **SECTION 2 : COMPOSITION**

---

<b><u>Ingredient Name</u></b>	<b><u>CAS #</u></b>	<b><u>Weight %</u></b>
Stearic Acid	57-11-4	75
Others	-	25

---

### **SECTION 3 : HAZARDS IDENTIFICATION**

---

#### **EMERGENCY OVERVIEW**

This product is not considered to be hazardous, though high level of dust in the atmosphere may present a dust explosion hazard.

#### **Potential Health Hazards:**

**Skin** Not a primary irritant.  
Molten wax can cause serious burns upon contact.

**Eyes** Molten wax fumes or dust particles may be slightly irritating to eyes.

## **MATERIAL SAFETY DATA SHEET**

NIMLUB -75

---

---

### **SECTION 3 : HAZARDS IDENTIFICATION (CONTINUED)**

---

---

<b><u>Inhalation</u></b>	Molten wax fumes may cause mild respiratory irritation. Thermal decomposition can lead to release of irritating gases and vapours
<b><u>Ingestion</u></b>	No known effect. Products have low toxicity (acute oral > 2500 mg/kg).
<b><u>Symptoms</u></b>	Mild irritation as noted above.

---

---

### **SECTION 4 : FIRST AID MEASURES**

---

---

<b><u>Skin Contact</u></b>	If burned by hot product, obtain medical attention immediately. Wash off with mild soap and water. Cool skin rapidly with cold water after contact with molten material. Removal of product from skin may be aided by use of waterless hand cleaner. Call a physician immediately.
<b><u>Eye Contact</u></b>	If hot product splashes into eyes, flush immediately with clear cold water. Contact physician immediately.
<b><u>Inhalation</u></b>	If overcome by fumes immediately remove to fresh air. Call a physician if irritation develops or persists. If breathing is irregular or has stopped, start resuscitation. Administer oxygen if available.
<b><u>Ingestion</u></b>	Product is not acutely toxic and in any case ingestion is unlikely to occur. If a product is ingested, follow appropriate action as when any foreign object is swallowed.
<b><u>Chronic Health</u></b>	No known chronic health effects.

---

---

### **SECTION 5 : FIRE-FIGHTING MEASURES**

---

---

#### **Flammability Properties**

<b>Flammability Classification:</b>	Combustible Solid
<b>Flash Point:</b>	>255°C

## **MATERIAL SAFETY DATA SHEET**

NIMLUB - 75

---

---

### **SECTION 5 : FIRE-FIGHTING MEASURES (CONTINUED)**

---

---

<b><u>Prevention:</u></b>	Take precautionary measures against static discharges.
<b><u>Extinguishing media:</u></b>	
<b><u>Suitable:</u></b>	Carbon dioxide, dry Chemical or fine water spray
<b><u>Not to be used:</u></b>	Direct stream of water, as product will float and can re-ignite on the surface of the water stream.
<b><u>Fire-fighting Instructions:</u></b>	Material will not burn unless preheated. Do not enter confined fire space without full bunker gear (helmet with face shield, bunker coats, gloves and rubber boots). In the event of fire and / or explosion do not breath fumes.

---

---

### **SECTION 6 : ACCIDENTAL RELEASE MEASURES**

---

---

<b><u>Personal Precautions:</u></b>	Avoid dust production. Wear personal protective equipment. Avoid ingestion and inhalation. Extinguish all ignition sources.
<b><u>Environmental Precautions:</u></b>	Prevent entry to sewers and public waters.
<b><u>After spillage and / or leakage:</u></b>	Absorb spill material with inert material (e.g., dry sand or earth), then place in a chemical waste container. To clean the floor and all objects contaminated by this material, use detergent. Avoid dust formation and electrical charging (sparking) because dust explosion might occur.

---

---

### **SECTION 7 : HANDLING AND STORAGE**

---

---

<b><u>Precautions to be taken in handling and storage:</u></b>	Take precautionary measures against static discharges.
<b><u>Handling:</u></b>	Avoid contact with skin and eyes. Avoid ingestion and inhalation.

## **MATERIAL SAFETY DATA SHEET**

NIMLUB - 75

---

### **SECTION 7 : HANDLING AND STORAGE (CONTINUED)**

---

Floors, walls and other surfaces must be regularly cleaned.  
Avoid dust production.

**Storage:**

Keep away from heat.  
Keep away from sources of ignition.  
Use adequate ventilation during heating process or if dusty conditions occur during handling of prill material.

**Packaging materials:**

Keep in original containers closed, general ventilation is adequate.  
Keep away from direct sunlight.

---

### **SECTION 8 : EXPOSURE CONTROL AND PERSONAL PROTECTION**

---

**Personal protection:**

**Respiratory protection:** Approved dust respirator. Use an organic vapour respirator when melting or conveying product.

**Hand protection:** Wear suitable gloves resistant to chemical penetration.

**Skin protection:** Wear suitable protective clothing chemical resistant boots, if there is potential contact with heated materials.

**Eye protection:** Wear chemical goggles or face shield with safety glasses.

**Industrial hygiene:** Good ventilation of the workplace required.  
Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

---

### **SECTION 9 : PHYSICAL AND CHEMICAL PROPERTIES**

---

**Appearance:** White Prill.

**Odor:** Typical mild waxy odor.

**pH:** Not applicable.

## **MATERIAL SAFETY DATA SHEET**

NIMLUB - 75

---

---

### **SECTION 9 : PHYSICAL AND CHEMICAL PROPERTIES (CONTINUED)**

---

---

**Density:** 0.92 – 0.94 g/cc

**Water Solubility:** Negligible.

**Melting Point:** 92 - 118°C

---

---

### **SECTION 10 : STABILITY AND REACTIVITY**

---

---

**Chemical Stability:** Stable under recommended storage and handling conditions.

**Conditions to Avoid:** Avoid contact with strong oxidizing agents and strong acids.  
Avoid dust formation and electrical charging (sparking) because dust explosion might occur.

**Incompatible With:** Strong oxidising agents, Amines.

**Hazardous Products of Decomposition:** Carbon monoxide, carbon dioxide and combustible gases may be generated.

**Reaction with Air:** Does not react with air or other common materials.

---

---

### **SECTION 11 : TOXICOLOGY INFORMATION**

---

---

**Skin Effects:** No skin effects are expected from polymer contact.

**Oral Effects:** Acute oral toxicity in rats: LD50 > 2000 mg/kg.

---

---

### **SECTION 12 : ECOLOGICAL INFORMATION**

---

---

**Ecotoxicity:** Ecotoxicity is expected to be low based on the low Water solubility of the product.

**Environmental Fate:** No information found in our selected references.

**Bioaccumulation:** Not expected to occur.

## **MATERIAL SAFETY DATA SHEET**

NIMLUB - 75

---

---

### **SECTION 13 : DISPOSAL CONSIDERATIONS**

---

---

**Disposal:** Dispose in a safe manner in accordance with local state and federal regulations.

---

---

### **SECTION 14 : TRANSPORTATION INFORMATION**

---

---

Not Classified

---

---

### **SECTION 15 : REGULATORY INFORMATION**

---

---

It conforms to the positive list of constituents as prescribed in IS: 10141.  
The product and the additives incorporated in it also comply with the FDA:CFR Title21,177.1520 Olefin polymers.

---

---

### **SECTION 16 : OTHER INFORMATION**

---

---

**Latest Revision Date:** August 20, 2025

**Disclaimer of Liability:** The information on this MSDS was formulated on the scientific and technical knowhow know to us. The information given is designed only as guidance for safe handling and is not to be considered a warranty or quality specification. Some information presented and conclusions drawn herein are from sources which we believe are reliable, other than direct data on the substance itself. The conditions or methods of handling, storage, use of disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for damage, or expense arising out of our control or in any way connected with handling, storage, use, or disposal of this product. If the product is used as a component in another product, this MSDS may not be applicable.
